THE HEALTH ACCESS BENEFIT

Out-of-Pocket Assistance

For unexpected health expenses, join Sedera, a medical cost-sharing community. With your Health Access Benefit, you can save up to \$2,500 on Sedera’s out-of-pocket assistance to help you and your family access the care you need without straining your financial resources.

How It Works

Sedera members submit their 3rd initial unshareable amount (IUA) in a calendar year as a preventive expense and get 100% of that IUA reimbursed.

1 Send the need to Sedera and receive a reimbursement that excludes the IUA for that need.

2 Get confirmation from Sedera of the 3rd IUA. Individuals should seek confirmation for their 3rd IUA in a calendar year and families should seek confirmation for their 5th to get reimbursed. Receive confirmation from Sedera usually within two weeks.

3 Submit the Sedera confirmation of 3rd IUA as a preventive expense to Health Access Solutions and receive reimbursement for the entire IUA amount, up to \$2,500.

MEMBERSHIP	IUA #	REIMBURSEMENT
employee only	3	100% of the IUA
employee & adult	3	100% of the IUA
employee & child(ren)	3	100% of the IUA
family	3	100% of the IUA
